

4 Channels Telecontrol PWX Series Receiver Board 220V

Key features

- Four Channel Control: Independently operate up to four devices, enhancing versatility for diverse applications.
- 220V Compatibility: Specifically designed for seamless operation with 220V electrical systems.
- Durable Construction: Built to withstand challenging conditions, ensuring long-lasting reliability.

4 Channels Telecontrol

The 4 Channels Telecontrol PWX Series Receiver Board (220V) is a highly efficient component designed for seamless integration into remote control systems. This receiver board allows for independent management of four channels, providing enhanced flexibility and operational efficiency in various applications. Its robust design ensures reliable performance in both industrial and residential environments.

Technical Specifications

FCC ID OFNF21

Unit Weight & Dimensions

Total Unit Weight 0.6 lbs / 1 Kg

Packaging Weight & Dimensions

Package 1 Net Weight 0.6 lbs / 0 Kg

Package 1 Width 5.5 in / 13.97 cm

Package 1 Gross Weight 0.7 lbs / 0 Kg

Package 1 Height 2.5 in / 6.35 cm

Package 1 Length 10 in / 25.4 cm
