

## Schmersal Magnetic Limit Switch BN 20-11RZ

### Key features

- Durable Construction: Designed to withstand harsh industrial conditions
- Compact Design: Space-saving form factor for easy installation in tight spaces
- Reliability: High resistance to environmental factors such as dust and moisture
- 3 Year Warranty, Customer Support and Service in the USA

### Schmersal Magnetic Limit Switch BN 20-11RZ Description

The Schmersal BN 20-11RZ Magnetic Limit Switch is designed for reliable position detection in various industrial applications. This limit switch features a robust magnetic sensing technology, ensuring high accuracy and durability. It is ideal for use in environments where traditional mechanical switches may fail due to wear and tear.

## Technical Specifications

|          |        |
|----------|--------|
| Warranty | 3 Year |
|----------|--------|

## Unit Weight & Dimensions

|                   |                |
|-------------------|----------------|
| Total Unit Weight | 0.5 lbs / 1 Kg |
|-------------------|----------------|

## Packaging Weight & Dimensions

|                      |                |
|----------------------|----------------|
| Package 1 Net Weight | 0.5 lbs / 0 Kg |
|----------------------|----------------|

|                 |                |
|-----------------|----------------|
| Package 1 Width | 3 in / 7.62 cm |
|-----------------|----------------|

|                        |                |
|------------------------|----------------|
| Package 1 Gross Weight | 0.7 lbs / 0 Kg |
|------------------------|----------------|

|                  |                |
|------------------|----------------|
| Package 1 Height | 2 in / 5.08 cm |
|------------------|----------------|

|                  |                 |
|------------------|-----------------|
| Package 1 Length | 7 in / 17.78 cm |
|------------------|-----------------|
