

## EATON Circuit Breaker 15 Amps 3 Poles 600 VAC

### Key features

- Voltage Rating: 600 VAC for use in high-voltage applications
- Durable Construction: Engineered for long-lasting performance in demanding environments
- Reliable Protection: Prevents overloads and short circuits, ensuring the safety of connected equipment
- 3 Year Warranty, Customer Support and Service in the USA

### EATON Circuit Breaker 15 Amps 3 Poles 600 VAC Description

The EATON Circuit Breaker is a reliable protective device designed to safeguard electrical circuits from overloads and short circuits. With a rating of 15 Amps and 3 poles, this circuit breaker is suitable for applications requiring a maximum voltage of 600 VAC. Its robust design ensures durability and performance in industrial and commercial settings.

## Technical Specifications

**Warranty** 3 Year

## Unit Weight & Dimensions

**Total Unit Weight** 4 lbs / 2 Kg

## Packaging Weight & Dimensions

**Package 1 Net Weight** 4 lbs / 2 Kg

**Package 1 Width** 7 in / 17.78 cm

**Package 1 Gross Weight** 4 lbs / 2 Kg

**Package 1 Height** 7 in / 17.78 cm

**Package 1 Length** 7 in / 17.78 cm
