

Festoon Flat Cable 4 cores x 6 mm² AWG10 type HO7VVH6-F - Flameproof - Made in Italy

Key features

- Configuration: 4 cores, each with a cross-sectional area of 6 mm² (AWG 10), ensuring robust electrical conductivity for demanding applications.
- Durable Construction: Crafted from high-quality materials resistant to abrasion, chemicals, and environmental factors, ensuring longevity.
- Flexible and Lightweight: Facilitates easy installation and movement in festoon systems, optimizing operational efficiency.
- 3 Year Warranty, Customer Support and Service in the USA

Festoon Flat Cable 4 cores Description

The Festoon Flat Cable (4 cores x 6 mm², AWG 10) type HO7VVH6-F is engineered for reliable power transmission in overhead systems. With a flameproof design, this cable is ideal for industrial environments where safety and performance are paramount. Manufactured in Italy, it upholds the highest standards of quality and durability.
