

Festoon Flat Cable 4 cores x 10mm² AWG8 type HO7VVH6-F - Flameproof - Made in Italy

Key features

- Configuration: 4 cores, each with a cross-sectional area of 10 mm² (AWG 8), providing excellent electrical conductivity for high-demand applications.
- Durable Construction: Made from high-quality materials that resist abrasion, chemicals, and environmental stress, ensuring long-lasting performance.
- Flexible and Lightweight: Designed for easy installation and maneuverability in festoon systems, optimizing operational efficiency.
- 3 Year Warranty, Customer Support and Service in the USA

Festoon Flat Cable 4 cores Description

The Festoon Flat Cable (4 cores x 10 mm², AWG 8) type HO7VVH6-F is designed for reliable and efficient power transmission in overhead systems. Featuring a flameproof design, this cable is perfect for industrial environments where safety and performance are crucial. Manufactured in Italy, it guarantees exceptional quality and durability.
