

Festoon Flat Cable 8 cores x 1.5mm² - type CAPIAT8X1,5AN - Flameproof - Made in Italy (by the meter)

Key features

- Configuration: 8 cores, each with a cross-sectional area of 1.5 mm², ensuring versatile connectivity for various applications.
- Durable Construction: Made from high-quality materials that resist abrasion and environmental factors, ensuring long-lasting performance.
- Flexible and Lightweight: Facilitates easy installation and movement in festoon systems, promoting operational efficiency.

Festoon Flat Cable 8 cores Description

The Festoon Flat Cable (8 cores x 1.5 mm², type CAPIAT8X1.5AN) is engineered for reliable power transmission in overhead systems. Designed to be flameproof, this cable is ideal for industrial applications where safety and performance are critical. Manufactured in Italy, it offers high quality and durability.

Technical Specifications

Unit Weight & Dimensions

Total Unit Weight	2 lbs / 1 Kg
