- **Durable Construction:** Made from high-quality materials to ensure long-lasting performance and withstand rigorous use.
- **1 Year Warranty, Customer Support and Service in the USA**

### **Winch Description**

1550 lb Wireless Lifting Winch are used for lifting material. Winches usually ship within 1-3 business days after ordering. Please call us at 1 (800) 971-8061 for any special requests. The Highest Quality, most Technologically Advanced Winches in the Industry. This winch is powered by Honda's 4-stroke GX-35cc engine. In addition to being extremely popular with hunters looking for a lightweight, compact tool, this model is also appreciated by occasional loggers. Weighing only 9.5 kg, it offers 700 kg of pulling power single line. EFFICIENT and very easy to carry, you'll be equipped to retrieve your game, no matter the conditions. Use the pwcw3000 Portable Capstan winch with any length of 10 mm double braided polyester low stretch rope, the rope is tied to the object to be moved and wound three (or four) times around the capstan drum. When the engine is running, the capstan drum rotates continuously and the friction created by pulling in the free end of the rope pulls the object. \*Note: One (1) anchor polyester sling 60 mm x 2 m is always included with every winch.
