

Hoist Fan for PWA/PWX2200Ru

Key features

- **Efficient Cooling:** Provides effective airflow to keep the hoist motor and components cool, preventing overheating during extended use.
- **Robust Design:** Constructed with durable materials to withstand demanding industrial conditions and ensure long-lasting performance.
- **Simple Installation:** Quick and easy to install or replace, reducing maintenance time and keeping downtime to a minimum.

Hoist Fan for PWA/PWX2200Ru Description

The Hoist Fan for the PWA/PWX2200Ru is a critical component designed to enhance the cooling efficiency of your hoist system. This fan plays an essential role in maintaining optimal operating temperatures, thereby prolonging the life of the hoist and ensuring reliable performance during heavy-duty operations.

Technical Specifications

Unit Weight & Dimensions

| | |
|--------------------------|--------------|
| Total Unit Weight | 1 lbs / 1 Kg |
|--------------------------|--------------|

Packaging Weight & Dimensions

| | |
|-----------------------------|--------------|
| Package 1 Net Weight | 1 lbs / 0 Kg |
|-----------------------------|--------------|

| | |
|------------------------|----------------|
| Package 1 Width | 5 in / 12.7 cm |
|------------------------|----------------|

| | |
|-------------------------------|--------------|
| Package 1 Gross Weight | 1 lbs / 0 Kg |
|-------------------------------|--------------|

| | |
|-------------------------|----------------|
| Package 1 Height | 5 in / 12.7 cm |
|-------------------------|----------------|
