

Limit Switch Bracket for PWA/PWX

Key features

- **Robust Construction:** Made from high-strength materials that provide durability and reliability, ensuring long-lasting performance in demanding industrial environments.
- **Precision Engineering:** Designed specifically for the PWA/PWX series, ensuring a perfect fit and compatibility with limit switches used in these hoist models.
- **Easy Installation:** Features a straightforward design that allows for quick and hassle-free installation, minimizing downtime during maintenance or upgrades.

Limit Switch Bracket for PWA/PWX Description

The Limit Switch Bracket for the PWA/PWX series is a critical component designed to securely mount limit switches in hoist systems. This bracket ensures proper positioning and stability for limit switches, which play a vital role in enhancing the safety and operational efficiency of lifting applications.

Technical Specifications

Unit Weight & Dimensions

Total Unit Weight	1 lbs / 1 Kg
--------------------------	--------------

Packaging Weight & Dimensions

Package 1 Net Weight	1 lbs / 0 Kg
-----------------------------	--------------

Package 1 Width	4 in / 10.16 cm
------------------------	-----------------

Package 1 Gross Weight	1 lbs / 0 Kg
-------------------------------	--------------

Package 1 Height	8 in / 20.32 cm
-------------------------	-----------------

Package 1 Length	6 in / 15.24 cm
-------------------------	-----------------
