

Stainless Steel Loading Chain (10.0*30 mm) MBS 16200 Lb Size 3/8 by Foot

Key features

- Dimensions: 10 mm diameter and 30 mm link length, providing robust support for heavy lifting tasks.
- MBS 16,200 lb: High load capacity ensures safe operation, even under extreme conditions.
- Stainless Steel Construction: Offers excellent corrosion resistance, making it suitable for outdoor and marine applications.
- 1 Year Warranty, Customer Support and Service in the USA

Stainless Steel Loading Chain (10.0*30 mm) MBS 16200 Lb Size 3/8 by Foot Description

The Stainless Steel Loading Chain (10.0 x 30 mm) is engineered for high-performance lifting and securing applications, combining exceptional strength with corrosion resistance. With a Minimum Breaking Strength (MBS) of 16,200 lbs, this chain is designed to handle heavy loads safely and effectively. Its durable stainless steel construction ensures long-lasting performance in challenging environments, including marine and industrial settings.

Technical Specifications

Load Chain Type	Stainless Steel	Load Chain weight per foot [lbs]	1.48
Load Chain Size	10 x 30.2 mm	Warranty	1 Year

Unit Weight & Dimensions

Total Unit Weight	1.48 lbs / 1 Kg
--------------------------	-----------------

Packaging Weight & Dimensions

Package 1 Net Weight	1.48 lbs / 1 Kg
-----------------------------	-----------------

Package 1 Width	5 in / 12.7 cm
------------------------	----------------

Package 1 Gross Weight	1.8 lbs / 1 Kg
-------------------------------	----------------

Package 1 Height	5 in / 12.7 cm
-------------------------	----------------

Package 1 Length	5 in / 12.7 cm
