

G80 Loading Chain 11.2 x 34 mm by Foot Galvanized

Key features

- Dimensions: 11.2 mm diameter and 34 mm link length, delivering excellent support for heavy lifting and rigging tasks.
- G80 Grade: Engineered for high strength, capable of handling substantial loads safely.
- Galvanized Coating: Provides excellent corrosion resistance, ensuring a long lifespan even in harsh conditions.
- 1 Year Warranty, Customer Support and Service in the USA

G80 Loading Chain 11.2*34 mm by Foot Galvanized Description

The G80 Loading Chain 11.2 x 34 mm (Galvanized) is designed for tough lifting and rigging applications, providing high strength and enhanced durability. Made from premium-grade steel and rated G80, this chain is galvanized for superior corrosion resistance, making it ideal for use in challenging environments. Its robust construction ensures reliable performance for industrial, construction, and marine applications, while its smooth finish allows for easy handling.

Technical Specifications

Load Chain Type	Galvanized G80	Load Chain weight per foot [lbs]	1.83
Load Chain Size	11.2 x 34 mm	Warranty	1 Year

Unit Weight & Dimensions

Total Unit Weight	1.83 lbs / 1 Kg
--------------------------	-----------------

Packaging Weight & Dimensions

Package 1 Net Weight	1.83 lbs / 1 Kg
-----------------------------	-----------------

Package 1 Width	5 in / 12.7 cm
------------------------	----------------

Package 1 Gross Weight	2.2 lbs / 1 Kg
-------------------------------	----------------

Package 1 Height	5 in / 12.7 cm
-------------------------	----------------

Package 1 Length	5 in / 12.7 cm
