

5 Ton Diesel Power Winch with Electric Start 9HP 11000 lbs.

Key features

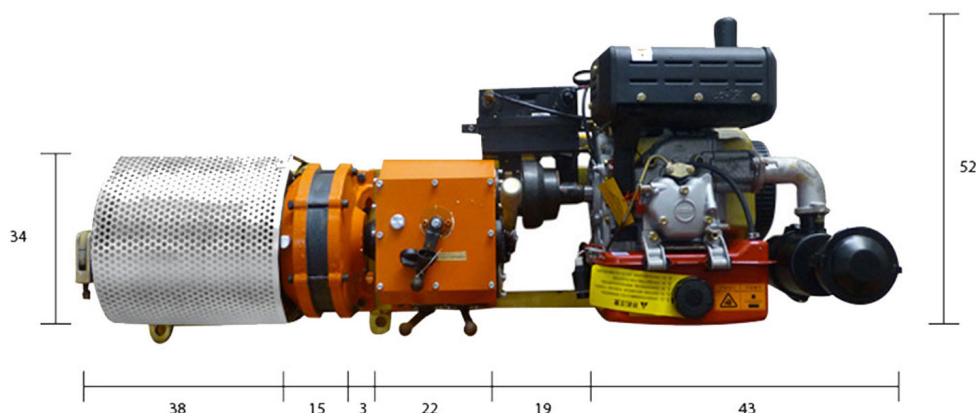

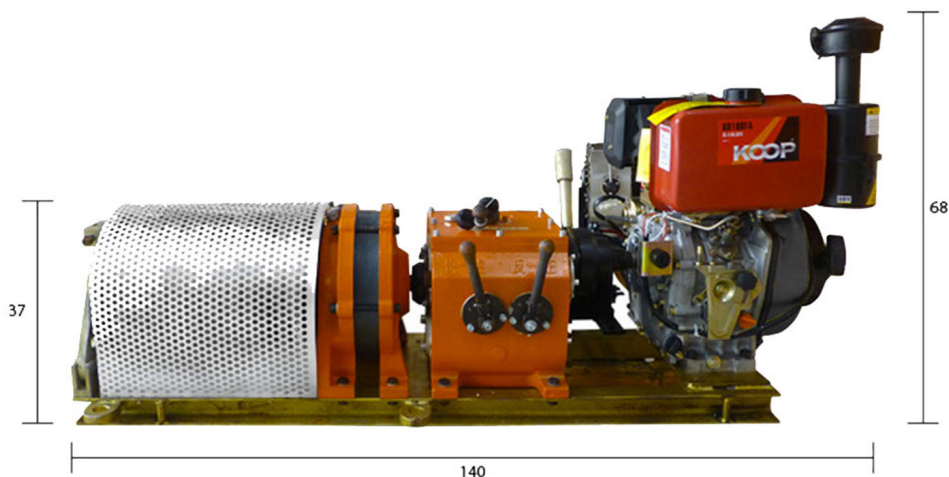

- Diesel winches are widely used in construction, towers, tight lines, lifting tools and heavy objects.
- The small and lightweight diesel engine is especially suitable for use in field power-free locations.
- 1 Year Warranty, Customer Support and Service in the USA

The **5 ton diesel winch** is usually used outdoor where electric supply is not available. Powered by a diesel engine, the diesel winch doesn't need an additional generator, which makes the diesel powered winch an ideal solution for lifting or pulling loads in remote areas with little to no electric supply. Besides, the diesel-powered winch can also be utilized as an anchoring winch on a platform or ship.

Technical Specifications

1st Layer Rated Capacity	11023 lb / 5000 kg	Motor/Engine Power	6.7 kW / 9 HP
Speed /min	13-79 ft/min / 4-24 m/min	Tank	5.5 L
Number of Speeds	2 Speed	Wire Rope	ø5/8 in x 262.5 ft ø16 mm x 80 m
Motor/Engine Type	KOOP KD186F Diesel	Warranty	1 Year
