

## 12000 Hydraulic Winch with Gas Power Honda Power Pack 5HP Electric Start

### Key features

- 1 Year Warranty, Customer Support and Service in the USA

### 12000 lb. Hydraulic Winch

This **Portable gas powered hydraulic winch** with electric start, easy to set up and run.

### Features

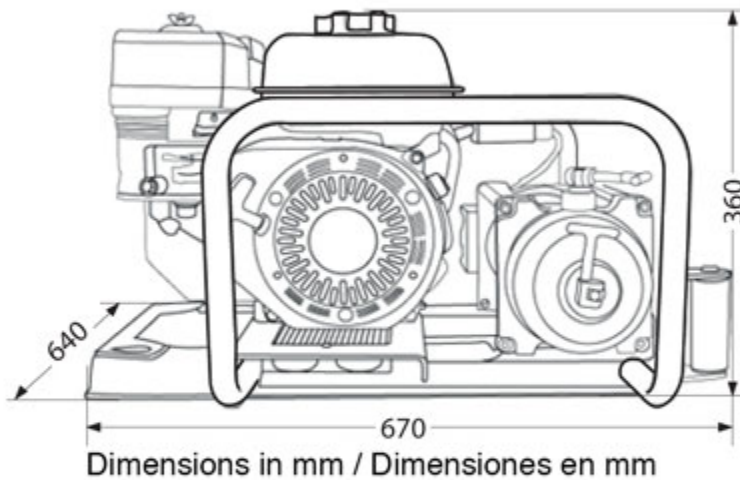

This hydraulic pump supplies 5 gpm @ 1500 psi. (A normal truck or jeep pump makes 2.5 to 3 gpm @ 1400 psi) Resulting in faster line speeds than this same core winch mounted in a vehicle. Counterbalance valve providing additional control and safety Electric control valve and 12' remote hand controller Optional wireless remote control available (This option is pictured) Optional manual valve control available The winch has a Two speed gearbox Integrated pressure relief valve Hydraulic fluid filter and cooler Engine throttle can be varied to allow an even wider range of speed and power Six holes in the perimeter of the base for permanent mounting Two integrated loops in the back of the steel frame for balanced anchoring Steel tubing handles help protect it from damage and make it easier to carry

### Physical Specifications

Rated Line Pull (single line) Low Gear - 12,000 lbs High Gear - 2,000 lbs Line Speed (up to max load) Low Gear - Average 11 fpm High Gear - Average 66 fpm Cable 100' x 3/8" Aircraft cable with hook. 14,400 lbs nominal strength Optional Cable is 100' x 3/8" Synthetic cable with hook, this is about 20 lbs lighter than the steel cable and much easier to handle Optional Cable 200' x 1/4" with swivel hook, with 6000lbs nominal strength, this works good when you need more cable with lighter loads (This option is pictured) Engine: Honda GX160 4.8HP with 12V coil Dimensions 27" long x 24" wide x 16" high Weight 210 lbs (including hydraulic fluid, Steel Cable and Roller Fairlead)
