

1 Ton Gas Capstan winch 2000 lbs with Electric Starter

Key features

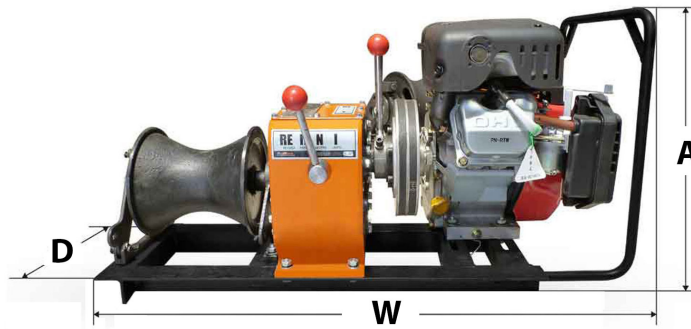

- Gas-Powered: Runs on gasoline, delivering reliable and efficient performance for various winching needs.
- 1 Ton Capacity: Handles up to 2,000 lbs (1 ton), making it suitable for moderate pulling and lifting tasks.
- Electric Starter: Equipped with an electric start system for easy and convenient engine ignition, eliminating manual cranking.
- 1 Year Warranty, Customer Support and Service in the USA

Winch Description

This 1-ton gas-powered capstan winch features a robust Yamaha motor, delivering reliable performance for a range of lifting and pulling tasks. The manual start mechanism ensures simplicity and durability, making it ideal for industrial and outdoor applications. Combining powerful operation with a dependable engine, this winch is designed for efficient and effective performance in demanding environments.
