

Hydraulic Power Pack 190 Bar / 19 Mpa / 75LxM / 400 L

Key features

- High Pressure: Operates at 190 Bar (19 MPa), providing powerful hydraulic pressure for demanding applications.
- Flow Rate: Delivers a flow rate of 75 liters per minute (LxM), ensuring efficient hydraulic performance.
- Tank Capacity: Equipped with a 400-liter hydraulic oil tank, supporting extended operation without frequent refills.
- 3 Year Warranty, Customer Support and Service in the USA

Hydraulic Power Pack 190 Bar / 19 Mpa / 75LxM / 400 L Description

This powerful hydraulic power pack delivers a maximum pressure of 190 Bar (19 MPa) and a flow rate of 75 liters per minute (L/min). Designed for heavy-duty applications, it is capable of efficiently powering hydraulic tools and equipment in various industrial settings. With a robust construction, this power pack ensures reliability and durability, making it an essential component for any hydraulic system.
