

Hydraulic Power Pack 215 Bar / 320LxM / 1000 L.

Key features

- Pressure Rating: Operates at 215 Bar, providing strong and reliable hydraulic pressure for various applications.
- Flow Rate: Offers a flow rate of 320 liters per minute (LxM), ensuring efficient hydraulic operation and quick response.
- Tank Capacity: Features a 1000-liter hydraulic oil tank, allowing for extended operational periods with fewer interruptions for refilling.
- 3 Year Warranty, Customer Support and Service in the USA

Hydraulic Power Pack 215 Bar / 320LxM / 1000 L Description

This hydraulic power pack operates at 215 Bar and delivers a flow rate of 320 liters per minute, with a 1000-liter tank capacity. Designed for high-performance applications, it provides efficient hydraulic pressure and fluid flow, making it suitable for a range of industrial and construction tasks that require reliable and robust hydraulic power.
