

Explosion-proof Motor 55 KW 4 Pole 550 / 1100V 50HZ - ATEX

Key features

- Power Rating: 55 kW, providing robust performance for demanding applications.
- Pole Configuration: 4 Pole, offering balanced torque and speed characteristics.
- Voltage Options: 550V or 1100V, adaptable to various industrial power systems.
- 3 Year Warranty, Customer Support and Service in the USA

Explosion-proof Motor 55 KW Description

The Explosion-proof Motor (55 kW, 4 Pole, 550/1100V, 50Hz) is designed for use in hazardous environments where explosive gases or dust may be present. This motor complies with ATEX standards, ensuring safe operation in potentially dangerous conditions while delivering reliable performance and efficiency.
