

Aluminum Brake Cover Winch PWG7700 and PWG5000s Reducer Side

Key features

- **Compatibility:** Specifically designed for use with PWG7700 and PWG5000s winches, ensuring a precise fit for optimal performance.
- **Durable Aluminum Construction:** Made from high-quality aluminum, this cover is lightweight yet robust, providing excellent resistance to corrosion and wear.
- **Enhanced Protection:** Safeguards the brake mechanism from dust, debris, and moisture, ensuring reliable braking performance and extending the lifespan of the components.
- **3 Year Warranty, Customer Support and Service in the USA**

Aluminum Brake Cover Winch PWG7700 and PWG5000s Reducer Side Description

The Aluminum Brake Cover for the PWG7700 and PWG5000s is a crucial protective component designed for the reducer side of the winch. This cover enhances the safety and functionality of the braking system while ensuring durability in demanding environments.
