

Hoist Stator Motor for PWHC and PWHF Series 110V Single Phase

Key features

- Designed for PWHC and PWHF Series Hoists: Perfectly matches the specifications of these 110V single-phase models for seamless functionality.
- High-Performance Motor: Ensures efficient operation with optimal power output for lifting applications.
- Durable Construction: Built to withstand rigorous use in demanding environments, ensuring long-term reliability.

Hoist Motor Description

The Hoist Stator Motor for PWHC and PWHF Series (110V Single Phase) is a high-performance replacement part engineered for seamless compatibility with Prowinch hoists. This stator motor ensures reliable and efficient operation, maintaining the performance and durability of your PWHC and PWHF series hoists.

Technical Specifications

Packaging Weight & Dimensions

Package 1 Gross Weight	25 lbs / 11 Kg
Package 1 Width	12 in / 30.48 cm
Package 1 Length	12 in / 30.48 cm
Package 1 Height	12 in / 30.48 cm
