

Transformer 110V to 24V for PWHC and PWHF series

Key features

- **Model Compatibility:** Specifically designed for PWHC and PWHF series, ensuring a perfect fit and optimal performance.
- **Voltage Conversion:** Converts 110V AC to 24V AC, providing the necessary power requirements for various applications.
- **Durable Construction:** Built with high-quality materials to withstand operational stresses, ensuring long-lasting reliability.

Transformer 110V to 24V for PWHC and PWHF series Description

The Transformer 110V to 24V is an essential component designed to efficiently convert standard 110V AC power to 24V AC, specifically for the PWHC and PWHF series. This transformer ensures reliable power supply, enabling your equipment to operate smoothly and safely.

Technical Specifications

Unit Weight & Dimensions

Total Unit Weight	1.9 lbs / 1 Kg
--------------------------	----------------

Packaging Weight & Dimensions

Package 1 Net Weight	1.9 lbs / 1 Kg
-----------------------------	----------------

Package 1 Width	5 in / 12.7 cm
------------------------	----------------

Package 1 Gross Weight	2 lbs / 1 Kg
-------------------------------	--------------

Package 1 Height	5 in / 12.7 cm
-------------------------	----------------

Package 1 Length	5 in / 12.7 cm
-------------------------	----------------
