

## Brake Set PWHF/HC

### Key features

- **Designed for PWHF/HC Hoists:** Specifically engineered for use with PWHF and PWHC hoist models, ensuring compatibility and reliable performance.
- **Reliable Braking System:** Provides secure and consistent braking, helping to stop and hold the load in place when the hoist is powered off or when there is no active lifting operation.
- **Durable and Long-lasting:** Made from high-quality materials that ensure long-term performance and resistance to wear, even in high-stress environments.

### Brake Set PWHF/HC Description

The Brake Set for PWHF/HC is a critical safety component designed for use in PWHF and PWHC hoist systems. It ensures the hoist remains securely in place when not in operation, providing reliable braking action to prevent unwanted movement and enhance safety during lifting operations.

## Technical Specifications

### Unit Weight & Dimensions

<b>Total Unit Weight</b>	3 lbs / 2 Kg
--------------------------	--------------

### Packaging Weight & Dimensions

<b>Package 1 Net Weight</b>	3 lbs / 1 Kg
-----------------------------	--------------

<b>Package 1 Width</b>	5 in / 12.7 cm
------------------------	----------------

<b>Package 1 Gross Weight</b>	3 lbs / 1 Kg
-------------------------------	--------------

<b>Package 1 Height</b>	5 in / 12.7 cm
-------------------------	----------------

<b>Package 1 Length</b>	5 in / 12.7 cm
-------------------------	----------------
