

## Pulley 16 Tons Double with closed shackle

### Key features

- Load Capacity: Supports up to 16 tons, making it suitable for heavy-duty lifting tasks.
- Double Pulley Design: Enhances lifting efficiency by distributing the load evenly, reducing strain on equipment.
- Closed Shackle: Provides a secure connection to lifting gear, minimizing the risk of accidental disengagement during operation.
- 3 Year Warranty, Customer Support and Service in the USA

### Pulley 16 Tons Double with closed shackle Description

The 16 Tons Double Pulley with Closed Shackle is engineered for reliable and efficient lifting in a variety of industrial and construction applications. With a robust load capacity of 16 tons, this double pulley system is designed to enhance your lifting capabilities while providing added safety and stability. The closed shackle feature ensures secure attachment to lifting gear, making it ideal for demanding environments.

### Prowinch Snatch Blocks Pulleys

All of our **Snatch Blocks Pulleys** are created with the goal of offering the best quality and performance. Key components such as lifespan factors are constantly tested and improved in order to offer the best product for the price.
