

## 32 Ton Double Pulley with closed shackle

### Key features

- Load Capacity: Supports up to 32 tons, perfect for heavy-duty lifting tasks.
- Double Pulley Design: Increases lifting efficiency by distributing the load evenly and reducing strain on equipment.
- Closed Shackle: Ensures a secure attachment to lifting gear, minimizing the risk of accidental disengagement during operation.
- 3 Year Warranty, Customer Support and Service in the USA

### 32 Ton Double Pulley with closed shackle Description

32 Ton Double Pulley with Closed Shackle is designed for high-capacity lifting applications, providing a reliable solution for industrial and construction needs. With an impressive load capacity of 32 tons, this double pulley system ensures efficient lifting while maintaining safety and stability. The closed shackle feature secures the connection to lifting gear, making it an ideal choice for demanding environments.

### Prowinch Snatch Blocks Pulleys

All of our **Snatch Blocks Pulleys** are created with the goal of offering the best quality and performance. Key components such as lifespan factors are constantly tested and improved in order to offer the best product for the price.
