

## 16 Ton Triple Pulley with closed shackle

### Key features

- Load Capacity: Supports up to 16 tons, suitable for heavy-duty lifting tasks.
- Triple Pulley Design: Increases lifting efficiency by distributing the load evenly and minimizing strain on equipment.
- Closed Shackle: Ensures a secure attachment to lifting gear, enhancing safety during operations.
- 3 Year Warranty, Customer Support and Service in the USA

### 16 Ton Triple Pulley with closed shackle Description

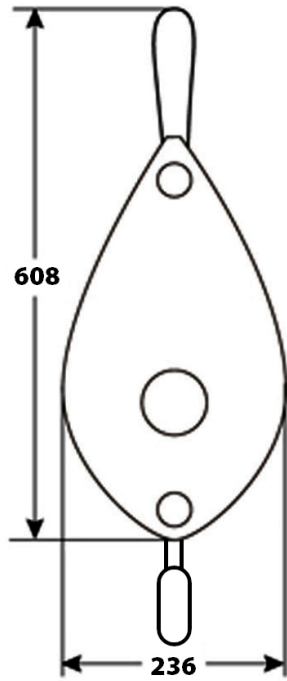

The 16 Ton Triple Pulley with Closed Shackle is engineered for enhanced lifting performance, making it ideal for demanding industrial and construction applications. With a robust load capacity of 16 tons, this triple pulley system efficiently distributes weight, ensuring smooth operation and safety. The closed shackle design provides a secure connection to your lifting gear, reducing the risk of accidental disengagement during use.

### Prowinch Snatch Blocks Pulleys

All of our **Snatch Blocks Pulleys** are created with the goal of offering the best quality and performance. Key components such as lifespan factors are constantly tested and improved in order to offer the best product for the price.

## Technical Specifications

<b>Rated Load Capacity</b>	35274 lb / 1600 kg	<b>Pulley Diameter</b>	Ø8.9 in / Ø226 mm
<b>Recommended wire rope</b>	Ø17~20 mm	<b>Warranty</b>	3 Year

Wire Rope Ø=17 ~ 20
