

40 Ton Triple Pulley with closed shackle

Key features

- Load Capacity: Supports up to 40 tons, perfect for high-capacity lifting tasks.
- Triple Pulley Design: Increases lifting efficiency by evenly distributing the load and reducing stress on equipment.
- Closed Shackle: Provides a secure attachment to lifting gear, minimizing the risk of accidental disengagement during operation.
- 3 Year Warranty, Customer Support and Service in the USA

40 Ton Triple Pulley with closed shackle Description

The 40 Ton Triple Pulley with Closed Shackle is designed for heavy-duty lifting operations, providing exceptional strength and reliability in industrial and construction environments. With a remarkable load capacity of 40 tons, this triple pulley system effectively distributes weight, ensuring smooth and efficient operation. The closed shackle feature enhances safety by securing the connection to your lifting gear, making it an ideal choice for demanding applications.

Prowinch Snatch Blocks Pulleys

All of our **Snatch Blocks Pulleys** are created with the goal of offering the best quality and performance. Key components such as lifespan factors are constantly tested and improved in order to offer the best product for the price.

Technical Specifications

Rated Load Capacity	88185 lb / 40000 kg	Pulley Diameter	Ø17.16 in / Ø436 mm
Recommended wire rope	Ø26~28 mm	Warranty	3 Year
