- 3 Year Warranty, Customer Support and Service in the USA

### Electric Chain Hoist Description

This robust 2-ton (4400 lb) electric chain hoist is built to handle heavy lifting tasks with ease. It operates on dual voltages (208~240/440~480V) and comes equipped with a 20 ft FEC G80 Japan chain, known for its exceptional strength and durability. Designed with a single-speed motor and an H4 duty rating, this hoist is suited for demanding industrial applications. The wireless control system adds convenience and safety, allowing for remote operation and precise control over lifting operations. Ideal for high-capacity lifting in rigorous environments, this hoist ensures reliable and efficient performance.
