### Electric Chain Hoist Description

This heavy-duty 3-ton (6600 lb) electric chain hoist is designed for robust performance with dual voltage options (208~240/440~480V). It features a reliable 30 ft FEC G80 Japan chain, providing superior strength and durability for demanding lifting tasks. The single-speed motor ensures consistent and reliable operation, making it ideal for applications requiring steady lifting power. With an H4 duty rating, this hoist is built to handle intensive industrial use. The wireless control system offers enhanced convenience and safety by allowing remote operation, facilitating easier and safer management of lifting operations from a distance. This hoist is perfect for heavy-duty applications where precision and power are essential.
