### Electric Chain Hoist Description

This robust 3-ton (6600 lb) electric chain hoist is designed for heavy-duty lifting with a single-speed operation. It operates on dual voltage options (208~240/440~480V), providing flexibility to suit various electrical systems. The hoist features a 30 ft FEC G80 Japan chain, ensuring strength and durability for demanding tasks, and has an H4 duty rating for high-performance use. The included power trolley allows smooth and efficient horizontal movement. With wireless control, it offers enhanced operational convenience and safety, making it ideal for industrial applications requiring reliable and efficient lifting solutions.
