

Reducer shaft for PWK1250i and PWK625i N13

Key features

- **Specific Compatibility:** Designed to fit both the PWK1250i and PWK625i models, ensuring reliable performance across these systems.
- **Durable Construction:** Made from high-quality materials to withstand heavy loads and stress, providing long-lasting durability and performance.
- **Precision Engineering:** Engineered for accurate alignment and smooth operation, minimizing vibration and enhancing efficiency during use.
- **3 Year Warranty, Customer Support and Service in the USA**

Reducer shaft for PWK1250i and PWK625i N13 Description

The Reducer Shaft for the PWK1250i and PWK625i N13 is a critical component designed to facilitate the transfer of rotational power between the motor and the reducer. This shaft plays a vital role in ensuring the efficient operation of the system.
