

First level - annular gear for PWK12600i - Part 46 -

Key features

- **Precision Engineering:** Manufactured to high standards, this annular gear ensures smooth operation by precisely aligning with other gears in the system.
- **Durable Construction:** Made from high-strength materials that resist wear and tear, providing long-lasting performance even under heavy loads.
- **Optimized for PWK12600i:** Specifically designed for use with the PWK12600i hoist, ensuring a perfect fit and compatibility with the system's other components.

First level - annular gear Description

The First Level Annular Gear for PWK12600i - Part 46 is an essential component of the gear assembly in the PWK12600i hoist system. This high-precision gear is designed to mesh seamlessly with other gears in the system, enabling efficient power transmission and smooth operation of the hoist.
