

Complete Reducer Set for PWK12600i - Parts 6 and 13 to 48 -

Key features

- **Comprehensive Set:** Includes all necessary parts (Parts 6 and 13 to 48) to fully assemble and maintain the reducer, ensuring everything is in place for smooth functionality.
- **Precision Engineering:** All parts are designed with high precision to provide excellent fit, durability, and performance within the PWK12600i hoist system.
- **Durable Components:** Manufactured from high-quality materials to withstand heavy-duty operation, ensuring long-lasting performance even under extreme working conditions.

Complete Reducer Set for PWK12600i Description

The Complete Reducer Set for PWK12600i consists of essential components (Parts 6 and 13 to 48) required for the full assembly and operation of the reducer in the PWK12600i hoist system. These parts are designed to work seamlessly together to ensure optimal gear reduction, smooth operation, and long-lasting performance of the hoist system.
