

## Complete Reducer Brake Set (KIT) for PWK4300i (Parts 1 to 14)

### Key features

- **Complete Brake Set:** The kit includes all necessary parts (Parts 1 to 14) for a complete brake system overhaul or installation, ensuring all components work together seamlessly.
- **High-Quality Materials:** Manufactured using premium materials for long-lasting durability and resistance to wear, providing excellent performance over time.
- **Precise Braking Action:** Designed to offer smooth and controlled braking, ensuring safe stopping power during hoist operations.

### Complete Reducer Brake Set (KIT) Description

The Complete Reducer Brake Set (KIT) for PWK4300i includes all the essential components for the braking system of the PWK4300i hoist, designed to ensure smooth and secure operation. This comprehensive kit covers parts 1 to 14, providing everything needed for the maintenance or replacement of the reducer brake assembly. Built for durability and high performance, this kit guarantees enhanced safety, reliability, and efficiency in your hoist operations.
