

Motor Brake PWTP1100 11KW 1730RPM 220V 60HZ 3 Phase

Key features

- Power Rating: 11 kW, suitable for demanding industrial tasks.
- Speed: 1730 RPM, providing optimal performance for a range of applications.
- Voltage: 220V, designed for compatibility with standard three-phase electrical systems.
- 3 Year Warranty, Customer Support and Service in the USA

Motor Brake PWTP1100 11KW Description

The Motor Brake PWTP1100 (11 kW, 1730 RPM) is designed for high-performance industrial applications requiring efficient power and reliable braking. Operating on a 220V three-phase supply at 60Hz, this motor is ideal for various heavy-duty machinery.
