

## 1500 lbs Powered Electric Winch Waterproof 12V DC

### Key features

- **Load Capacity:** Supports up to 1500 lbs, ideal for light to medium-duty applications such as ATVs, boats, and utility vehicles.
- **12V DC Power:** Operates on a 12-volt DC system, compatible with most vehicle batteries, providing reliable power for off-road or marine applications.
- **Waterproof Design:** Features a fully waterproof housing, allowing it to perform efficiently in wet and muddy environments without damage.
- **1 Year Warranty, Customer Support and Service in the USA**

### Winch Description

This Prowinch 1,500 lbs 12V Electric Offroad Winch delivers plenty of power to assist in recovery, traversing rough terrain or loading a boat. This electric winch is a reliable and safe addition to most off-roading adventures.

### Prowinch Electric DC Winches

All of our electric DC winches are created with the goal of offering the best price-performance ratio. Key components such as lifespan factors are constantly tested and improved in order to offer the best product for the price.

### Key Components

All internal components have been upgraded to meet the highest quality standards. Key electronic components are produced by American or German brands, and we use American-made lubricants to ensure the lifespan of gears and reducers. Final assembly and all tests are performed locally at Prowinch facility before shipping to ensure that every unit meets the corresponding standard.

### Control System

This winch includes a 12V wired remote control. The winch contains the best electric components available on the market, and everything is made, assembled, and tested locally in the US, Chile, or Colombia.

### Braking System

Prowinch electric DC winches include a sliding ring gear clutch and an in drum automatic brake. Automatic brake system designed to automatically engage immediately upon any loss of power.

## Technical Specifications

<b>1st Layer Rated Capacity</b>	1500 lb	<b>Control Voltage</b>	12 V
