

Base Flange motor side for PWLD3000Ai12V and PWLD3000Ai24V

Key features

- **Model Compatibility:** Specifically designed for the PWLD3000Ai, suitable for both 12V and 24V configurations for versatile applications.
- **Durable Construction:** Made from high-quality materials that provide excellent strength and resistance to wear, ensuring long-lasting performance in demanding environments.
- **Stable Mounting:** Engineered to provide a secure and stable base for the motor, minimizing vibrations and enhancing the overall reliability of the winch.
- **3 Year Warranty, Customer Support and Service in the USA**

Base Flange motor side for PWLD3000Ai12V and PWLD3000Ai24V Description

The Base Flange Motor Side for the PWLD3000Ai is an essential component designed to secure the motor to the winch assembly. This flange ensures stability and proper alignment, facilitating efficient operation of the winch system.
