

Clutch and reducer cup for PWLD4000A

Key features

- **Model Compatibility:** Specifically designed for the PWLD4000A, ensuring a perfect fit and seamless integration with the winch system.
- **Durable Construction:** Made from high-quality materials that provide excellent strength and resistance to wear, ensuring long-lasting performance in demanding environments.
- **Efficient Clutch Engagement:** Engineered for smooth engagement and disengagement of the clutch, allowing for precise control during lifting and pulling tasks.
- **3 Year Warranty, Customer Support and Service in the USA**

Clutch and reducer cup for PWLD4000A Description

The Clutch and Reducer Cup for the PWLD4000A is a critical assembly that facilitates the effective engagement of the clutch and aids in the reduction of speed and increase of torque within the winch system. This component is designed to enhance the overall performance and reliability of the winch during operation.
