

Stator for PWLD600012V07

Key features

- **Model Compatibility:** Specifically designed for the PWLD6000 (12V), ensuring optimal performance and seamless integration with the winch system.
- **High-Quality Construction:** Built with durable materials that provide excellent resistance to wear and heat, ensuring longevity even under demanding conditions.
- **Efficient Performance:** Engineered to maximize motor efficiency, enhancing the overall power output and operational effectiveness of the winch.
- **3 Year Warranty, Customer Support and Service in the USA**

Stator for PWLD600012V07 Description

The Stator for the PWLD6000 (12V) is a crucial component of the winch system, responsible for generating the electromagnetic field that powers the motor. This part is essential for ensuring reliable and efficient operation during lifting and pulling tasks.
