

Stator for PWLD850012V PWLD1200012V and PWLD2000012V

Key features

- **Model Compatibility:** Designed for use with PWLD8500, PWLD12000, and PWLD20000 winches (12V), ensuring seamless integration and optimal functionality.
- **High-Quality Construction:** Manufactured from durable materials that provide excellent resistance to wear, heat, and corrosion, ensuring long-lasting performance.
- **Efficient Electromagnetic Field Generation:** Engineered to maximize motor efficiency, enhancing overall power output and operational effectiveness during use.
- **3 Year Warranty, Customer Support and Service in the USA**

Stator for PWLD850012V PWLD1200012V and PWLD2000012V Description

The Stator for the PWLD8500, PWLD12000, and PWLD20000 (12V) winches is a critical component that generates the electromagnetic field necessary for motor operation. This part ensures reliable performance across various heavy-duty lifting tasks.
