

Rotor for PWLD850024V PWLD1200024V and PWLD2000024V PALETTE SHAFT

Key features

- **Model Compatibility:** Specifically engineered for PWLD8500 (24V), PWLD12000 (24V), and PWLD20000 (24V) winches, ensuring perfect fit and functionality.
- **High-Quality Construction:** Manufactured from durable materials that withstand high operational demands, ensuring longevity and reliability.
- **Efficient Energy Conversion:** Designed to optimize the interaction with the stator, facilitating effective conversion of electrical energy into mechanical power.
- **3 Year Warranty, Customer Support and Service in the USA**

Rotor for PWLD850024V PWLD1200024V and PWLD2000024V PALETTE SHAFT Description

The Rotor for the PWLD8500, PWLD12000, and PWLD20000 winches with a palette shaft is a critical component that works in conjunction with the stator to convert electrical energy into mechanical power. This rotor is designed for high-performance applications, ensuring efficient operation for heavy lifting tasks.

Technical Specifications

Warranty	3 Year
