

## **Rotor for PWLD850024V PWLD1200024V and PWLD2000024V SPLINED SHAFT**

### **Key features**

- **Model Compatibility:** Specifically designed for PWLD8500 (24V), PWLD12000 (24V), and PWLD20000 (24V) winches, guaranteeing a perfect fit and optimal performance.
- **Robust Construction:** Made from high-quality materials that provide exceptional durability and resistance to wear, ensuring long-lasting performance.
- **Efficient Operation:** The splined design enhances the connection with the drive components, allowing for smoother power transfer and improved efficiency.
- **3 Year Warranty, Customer Support and Service in the USA**

### **Rotor for PWLD850024V PWLD1200024V and PWLD2000024V SPLINED SHAFT Description**

The Rotor with a splined shaft for the PWLD8500, PWLD12000, and PWLD20000 winches is a vital component designed to efficiently convert electrical energy into mechanical power. This rotor is engineered for high-performance applications, ensuring reliable operation during demanding lifting tasks.
