

## Hydraulic Monoblock for PWLDH2000024V

### Key features

- Compact Design: Space-saving structure for easy installation.
- High Efficiency: Optimized flow characteristics for improved performance.
- Robust Build: Durable materials ensure reliability in tough conditions.

### Hydraulic Monoblock for PWLDH2000024V Description

The Hydraulic Monoblock for PWLDH2000024V is a high-performance hydraulic control valve designed to optimize the efficiency and reliability of hydraulic systems. Engineered for durability and precision, it offers seamless integration and superior control for various applications.

## Technical Specifications

### Unit Weight & Dimensions

<b>Total Unit Weight</b>	11 lbs / 5 Kg
--------------------------	---------------

### Packaging Weight & Dimensions

<b>Package 1 Net Weight</b>	11 lbs / 5 Kg
-----------------------------	---------------

<b>Package 1 Width</b>	3 in / 7.62 cm
------------------------	----------------

<b>Package 1 Gross Weight</b>	13 lbs / 6 Kg
-------------------------------	---------------

<b>Package 1 Height</b>	5 in / 12.7 cm
-------------------------	----------------

<b>Package 1 Length</b>	5 in / 12.7 cm
-------------------------	----------------
