

Permanent Magnetic Lifter Lever for PWML100

Key features

- **Load Capacity:** Capable of lifting up to 220 lbs (100 kg), perfect for heavy-duty lifting tasks.
- **Permanent Magnet Technology:** Provides a strong and reliable grip on ferrous materials without needing an external power source.
- **Versatile Applications:** Suitable for lifting steel plates, sheets, and other ferrous items in manufacturing, warehouses, and construction sites.

Permanent Magnetic Lifter Lever Description

The Permanent Magnetic Lifter Lever for PWML100 is a compact and efficient lifting solution designed for handling ferrous materials. This lever-operated lifter utilizes powerful permanent magnets to securely lift and transport loads up to 220 lbs (100 kg) with ease and safety, making it ideal for industrial and construction applications.
