

4 - Core
16 AWG

Pendant control cable 5 Cores (per foot)

Key features

- 5 Core Configuration: Provides multiple channels for effective control signal transmission, suitable for various machinery.
- Durable Construction: Built to withstand tough industrial environments, ensuring long-lasting reliability and performance.
- High-Quality Insulation: Protects against moisture and environmental factors, enhancing the cable's lifespan and safety.

Pendant control cable Description

The Pendant Control Cable with 5 cores is designed for reliable connectivity in various industrial applications. This flexible cable is ideal for pendant control systems, providing efficient signal transmission and durability.

Technical Specifications

Unit Weight & Dimensions

Total Unit Weight	1 lbs / 1 Kg
--------------------------	--------------

Packaging Weight & Dimensions

Package 1 Net Weight	1 lbs / 0 Kg
-----------------------------	--------------

Package 1 Width	1 in / 2.54 cm
------------------------	----------------

Package 1 Gross Weight	1 lbs / 0 Kg
-------------------------------	--------------

Package 1 Height	1 in / 2.54 cm
-------------------------	----------------

Package 1 Length	1 in / 2.54 cm
