

Pendant Control 4 Button Single Speed and Emergency Stop for PWHC

Key features

- 4 Button Functionality: Includes buttons for lifting, lowering, and emergency stop, providing full control of hoist movements and ensuring safe operations.
- Single Speed Operation: Designed for single-speed hoists, offering smooth and efficient lifting and lowering actions without complications.
- Emergency Stop Button: A critical safety feature to immediately stop the hoist in case of emergency, preventing accidents and ensuring operator safety.

Pendant Control 4 Button Single Speed Description

The Pendant Control 4 Button Single Speed and Emergency Stop for PWHC is a user-friendly, high-quality control pendant designed for PWHC series hoists. This pendant features four essential buttons—lifting, lowering, and emergency stop—enabling safe and efficient operation of the hoist. Ideal for industrial environments, it ensures smooth performance and enhanced safety with a convenient and ergonomic design.
