

Heavy Duty 2 Ton Capacity Manual Chain Trolley 4000 lb Geared

Key features

- US and EC Standards ASME HST-1 , ASME B30.17 , EN14492-2 , EN60204-32
- Equipped with rubber bump stops and safety pins for enhanced safety and protection
- Manual Operation: Geared for manual control, providing versatility in handling various tasks
- Durable construction for long-term reliability and performance, Compatible S-beam and W-beam
- 3 Year Warranty, Customer Support and Service in the USA

Heavy Duty 2 Ton Capacity Manual Chain Trolley 4000 lb Geared Description

The Heavy Duty 2 Ton Capacity Manual Chain Trolley is a reliable and robust material handling solution designed for lifting and transporting loads up to 4,000 lbs (2 tons). Featuring a geared manual chain system, this trolley ensures smooth and efficient movement along standard I-beams or tracks. Ideal for industrial applications, warehouses, and construction sites, it offers easy maneuverability without the need for electrical power. Constructed from high-quality materials, this heavy-duty trolley guarantees durability and long-lasting performance, making it an essential tool for safe and effective material handling.

Technical Specifications

Rated Load Capacity	4400 / 2000 kg	Minimum Turn Radius	3.3 ft / 1 m
I-Beam Width Range	3~6 in / 82~153 mm	Warranty	3 Year

Unit Weight & Dimensions

Total Unit Weight	41 lbs / 19 Kg
--------------------------	----------------

Packaging Weight & Dimensions

Package 1 Net Weight	41 lbs / 19 Kg
Package 1 Width	12 in / 30.48 cm
Package 1 Gross Weight	42 lbs / 19 Kg
Package 1 Height	8 in / 20.32 cm
Package 1 Length	14 in / 35.56 cm
