

## Chain Hoist Limit Switch Module PWR Series

### Key features

- Designed for PWR Series Hoists: Specifically engineered for PWR Series hoists, ensuring perfect compatibility and reliable operation within your hoisting system.
- Over-Travel Protection: Prevents the hoist from exceeding its travel limits, safeguarding the hoist, load, and surrounding equipment from damage during operation.
- Durable Construction: Built with high-quality, industrial-grade materials to withstand demanding conditions, ensuring long-term durability and minimal wear.
- 3 Year Warranty, Customer Support and Service in the USA

### Chain Hoist Limit Switch Module PWR Series Description

The Chain Hoist Limit Switch Module for the PWR Series is a critical component designed to ensure safe and precise operation of hoists. This module provides reliable limit-switch functionality, preventing over-travel and reducing the risk of damage to the hoist or load. It is built for durability and consistent performance, offering enhanced safety and control in various industrial lifting applications.

## Technical Specifications

Warranty	3 Year
----------	--------

## Unit Weight & Dimensions

Total Unit Weight	1 lbs / 1 Kg
-------------------	--------------

## Packaging Weight & Dimensions

Package 1 Net Weight	1 lbs / 0 Kg
----------------------	--------------

Package 1 Width	3 in / 7.62 cm
-----------------	----------------

Package 1 Gross Weight	1 lbs / 0 Kg
------------------------	--------------

Package 1 Height	3 in / 7.62 cm
------------------	----------------

Package 1 Length	3 in / 7.62 cm
