

Rotor Gasket for PWR05

Key features

- **Durable Material:** Constructed from high-quality, oil-resistant materials that withstand extreme temperatures and pressures, ensuring long-lasting reliability.
- **Precision Fit:** Specifically designed for the PWR05 model, ensuring a snug fit that effectively prevents fluid leaks.
- **Effective Sealing:** Provides a strong barrier to maintain the proper functioning of the rotor assembly by preventing leakage and contamination.
- **3 Year Warranty, Customer Support and Service in the USA**

Rotor Gasket for PWR05 Description

The Rotor Gasket for PWR05 is an essential sealing component that ensures the integrity of the rotor assembly in hoisting systems. Designed for durability and precision, this gasket effectively prevents leaks and protects internal mechanisms from contaminants, contributing to optimal performance.

Technical Specifications

Warranty	3 Year
