

Splined Brake Hub PWR05M5 PWRC05M5 PWR05M5i PWRC05M5i

Key features

- High-Quality Material: Constructed from robust materials that resist wear and provide excellent strength, ensuring long-lasting performance in demanding environments.
- Precision Engineering: Specifically designed for compatibility with PWR05M5, PWRC05M5, PWR05M5i, and PWRC05M5i models, ensuring a perfect fit and optimal functionality.
- Effective Power Transmission: Features a splined design that facilitates efficient power transfer between the brake system and the drive mechanism, enhancing overall performance.
- 3 Year Warranty, Customer Support and Service in the USA

Splined Brake Hub PWR05M5 PWRC05M5 PWR05M5i PWRC05M5i Description

The Splined Brake Hub for PWR05M5, PWRC05M5, PWR05M5i, and PWRC05M5i is a critical component designed to connect the brake system to the drive mechanism in hoisting systems. Engineered for precision and durability, this hub ensures reliable braking performance and enhanced safety during operation.

Technical Specifications

Warranty	3 Year
-----------------	--------

Unit Weight & Dimensions

Total Unit Weight	4 lbs / 2 Kg
--------------------------	--------------

Packaging Weight & Dimensions

Package 1 Net Weight	4 lbs / 2 Kg
-----------------------------	--------------

Package 1 Width	1 in / 2.54 cm
------------------------	----------------

Package 1 Gross Weight	4 lbs / 2 Kg
-------------------------------	--------------

Package 1 Height	1 in / 2.54 cm
-------------------------	----------------

Package 1 Length	1 in / 2.54 cm
-------------------------	----------------
