

Splined Brake Hub PWR1M5 PWR1M5i PWRC1M5 PWRC1M5i

Key features

- **Precise Braking Control:** Ensures smooth and efficient braking, improving system stability and safety.
- **Durable Construction:** Made from high-quality materials for long-lasting performance and reliability.
- **Splined Design:** Provides a secure, slip-resistant fit to optimize braking efficiency and system integrity.
- **3 Year Warranty, Customer Support and Service in the USA**

Splined Brake Hub Description

The Splined Brake Hub is a crucial component for the PWR1M5 and related systems, designed to provide precise braking control. It features a robust splined connection that ensures a secure fit, enhancing the performance and longevity of the braking system.

Technical Specifications

Warranty	3 Year
-----------------	--------

Unit Weight & Dimensions

Total Unit Weight	4 lbs / 2 Kg
--------------------------	--------------

Packaging Weight & Dimensions

Package 1 Net Weight	4 lbs / 2 Kg
-----------------------------	--------------

Package 1 Width	1 in / 2.54 cm
------------------------	----------------

Package 1 Gross Weight	4 lbs / 2 Kg
-------------------------------	--------------

Package 1 Height	1 in / 2.54 cm
-------------------------	----------------

Package 1 Length	1 in / 2.54 cm
-------------------------	----------------
