

Limit switch for PWRM5 series

Key features

- Specifically for PWRM5 Series: Designed for use with PWRM5 series hoists, ensuring seamless compatibility and optimal performance within the system.
- Precise Travel Control: Accurately monitors hoist movement, preventing over-travel and protecting both the hoist and the load from potential damage.
- Durable Construction: Made from high-quality, industrial-grade materials for durability, allowing it to withstand the harsh conditions commonly found in industrial environments.
- 3 Year Warranty, Customer Support and Service in the USA

Limit switch for PWRM5 series Description

The Limit Switch for the PWRM5 Series is a vital safety component designed to provide precise and reliable travel limit control for hoists. It prevents over-travel by automatically stopping the hoist when the set limits are reached, ensuring the safety of the load and the hoist system. Ideal for heavy-duty industrial applications, this limit switch enhances operational safety and prevents unnecessary wear and damage.

Technical Specifications

Warranty	3 Year
